

Join us for the return of the
President's Oak: A Wiscon-scion* Idea

PLANTING CEREMONY

Wednesday October 10, 2018

11:00 - 11:30 am

Washburn Observatory

Guests

- ♦ Chancellor Becky Blank
- ♦ Michael Yanny, JN Plant Selections, LLC
- ♦ Ray Guries, emeritus professor of Forest & Wildlife Ecology
- ♦ UW Child Development Lab, School of Human Ecology
- ♦ Daniel Einstein, Campus Planning & Landscape Architecture

*The original President's Oak stood for nearly 300 years atop Observatory Hill overlooking Lake Mendota, before it died in 2015. Michael Yanny propagated a new tree from a healthy cutting (scion) he selected from the original tree.

*Bur Oak (Quercus macrocarpa)
2010 - Bryce Richter*
